ANNUAL CONFERENCE ▼ CAPL/FORENSIC SECTION

As a professional organization concerned with advancement of the science and practice of medicine in the specialty of forensic psychiatry, CAPL has established an annual conference devoted to promote standards of practice and further the continuing education of practicing forensic psychiatrists. The CAPL Annual Conference has now been a tradition since 1995. Held annually in early March, this conference features a 4-day core scientific program and this year again, pre-conference seminars.

GOALS ▼

The conference provides attendees with an excellent opportunity to network with colleagues across the country and discuss their respective clinical, academic and research interests as well as standards governing the practice. In a collegial atmosphere, the main goals of the conference are dissemination of current knowledge in forensic psychiatry and the related parent field of psychiatry, refresh skills in the fundamentals of the discipline and discuss advances in research relevant to the discipline.

CME TARGET AUDIENCE ▼

Psychiatrists working at the interface of law and psychiatry, and any physician and professional interested in furthering their knowledge in this area.

OBJECTIVES ▼ For specific learning objectives: see last 4 pages of this document

At the end of this conference, participants will be able to:

- appreciate the diversity of forensic psychiatry including criminal and civil matters;
- learn about complex clinical cases and recent case law;
- learn about the implementation and outcome of treatment programs for mentally disorders offenders;
- directly apply new knowledge into their own practice.

ORGANIZING COMMITTEE ▼

Phil Klassen, MD, Head of Organizing Committee
Michelle Mathias, MD, Head of Scientific Committee
Fabien Gagnon, MD, Head of French Program
Brad Booth, MD
Vicki Roth, MD

ACCREDITATION ▼

This event is an accredited group learning activity (section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, approved by the Canadian Psychiatric Association (CPA). The specific opinions and content of this event are not necessarily those of the CPA, and are the responsibility of the organizer(s) alone.

PRE-CONFERENCE SEMINAR #1

(space is limited, register early!)

Sunday, March 12

9:00 am - 12:00 pm

A Forensic Psychiatrist's Guide to Understanding Psychological Assessment

Dr. Angela Carter, Ph.D., C.Psych.
Dr. Percy Wright, Ph.D., C.Psych.

Learning objectives

At the end of the presentation, the participant will be able to:

1. Discuss the types of psychological tests used and how a psychological or neuropsychological assessment can aid forensic psychiatric assessment (criminal and civil contexts).
2. Understand how forensic psychologists address specific psycholegal questions (the basics of assessment of symptom validity / malingering / positive impression management; cognitive / neuropsychological functioning; and personality).
3. Evaluate a third party psychological assessment, including signs that a psychologist is needed for further evaluation.

Dr. Angela Carter, Ph.D., C.Psych.

Dr. Angela Carter is a registered psychologist practicing in the areas of Clinical Psychology, Forensic Psychology, and Neuropsychology, with both adults and older adults. She completed her doctorate at Queen's University, and she has trained and/or worked at a variety of institutions including the Centre for Addiction and Mental Health, the Royal Ottawa Hospital, the Mental Health Centre Penetanguishene (formerly Oak Ridge), Providence Continuing Care Centre, and Toronto Rehab. In 2009, she moved into full-time private practice, and most of her current forensic work is in the civil context. She conducts independent psychological and neuropsychological evaluations, assesses claims of trauma for civil litigation, conducts workplace violence risk assessments, and assesses fitness to practice uses (including nurses for the College of Nurses of Ontario, and physicians for the College of Physicians and Surgeons of Ontario and the Physician Health Program). She still occasionally conducts assessments for criminal Court as well; these assessments have addressed issues relating to Criminal Responsibility, Fitness to Stand Trial, and Dangerous Offender applications. She has been qualified in Superior Court as an expert witness in the areas of Forensic Neuropsychology and also in Malingering, and has been qualified as an expert witness in Neuropsychology by the College of Physicians and Surgeons' Board of Inquiry. Finally, she regularly serves as an Oral Examination Chair for the College of Psychologists of Ontario, and has served as an expert consultant for the College of Psychologists' Inquiries Complaints and Reports Committee.

Dr. Percy Wright, Ph.D., C.Psych.

Dr. Wright is a Psychologist in forensic practice. He has been involved in assessment of Forensic patients at CAMH, Oak Ridge (now Waypoint Centre) and in private practice. He has published articles involving the use of various tests with forensic groups including neuropsychological and intellectual measures as well as personality measures including the MCMI, MMPI and HCR. He has also been involved in training PHD level Psychologist candidates and psychiatrists pursuing their forensic designation.

PRE-CONFERENCE SEMINAR #2

(space is limited, register early!)

Sunday, March 12

1:00 pm - 4:00 pm

Civil Forensic Psychiatry in the Era of an Aging Population and the DSM-5: Clinical Negligence, Disability Claims and Some Related Issues

Fabien Gagnon, MD, D.Psy., DESS, CSPQ, FRCPC, FCFP, DLFAPA, DFCPA, FAPM

Learning objectives

At the end of the presentation, the participant will be able to:

1. Balance the need for confidentiality, while avoiding risks of negligence.
2. Understand basic disability insurance contacts, including short and long term disabilities.
3. Assess patient functionality in a GAF-free era.

Dr. Fabien Gagnon

Dr. Gagnon is Past-President of the Canadian Society of Medical Evaluators. He is full professor, and Chair of the Division of Psychosomatic Medicine in the Department of Psychiatry and Neurosciences at Université Laval, in Quebec City. Dr. Gagnon first trained as a psychologist (M.Ps., D.Psy.) and as a family physician, (CCFP, FCFP) before completing a residency training program in psychiatry at Université Laval and University of Ottawa. He has worked as a C-L psychiatrist for the last 30 years. He has served for many years as a member of the Specialty Committee in Psychiatry for the Royal College of Physicians and Surgeons of Canada. He has completed the microprogram and the DESS in Insurance and Medicolegal Medicine at University of Montreal. He has a CPD Certificate in Medical Law and Ethics from the University of Edinburgh. He is a Certified Forensic Psychiatrist in private practice at the Medico-Legal Institute of Quebec. He is particularly interested by issues related to civil litigation.

Program

NOTE:

30-minute presentation: 20 min. + 10 min. Q&A

60-minute presentation: 45 min. + 15 min. Q&A

Saturday, March 11

4:00 pm - 6:00 pm On-site registration (Foyer Mali)

Sunday, March 12 – PRE-CONFERENCE SEMINARS (ROOM CHARIVARI)

8:00 am - 9:00 am On-site registration

9:00 am - 12:00 pm A Forensic Psychiatrist's Guide to Understanding Psychological Assessment

Presenters:

Dr. Angela Carter, Ph.D., C.Psych.

Dr. Percy Wright, Ph.D., C.Psych.

1:00 pm - 4:00 pm Civil Forensic Psychiatry in the Era of an Aging Population and the DSM-5: Clinical Negligence, Disability Claims and Some Related Issues

Presenter:

Dr. Fabien Gagnon, MD, D.Psy., DESS, CSPQ, FRCPC, FCFP, DLFAPA, DFCPA, FAPM

Sunday, March 12 – ANNUAL CONFERENCE (ROOM MALI I-II)

12:00 pm - 5:00 pm On-site registration (Foyer Mali)

4:15 pm - 4:30 pm Welcoming Remarks and Award Presentation

4:30 pm - 5:30 pm

Special Opening Presentation

1. Building Bridges and Removing Dividing Walls Between Forensic and Geriatric Psychiatry

Presenter: Dr. M.S. Renuka Prasad, CPA President

6:00 pm - 7:00 pm Welcome Reception (Room Kamichat-Sasseville)

Monday, March 13

(ROOM MALI I-II)

8:00 am - 10:00 am **BOARDS: FROM CIVIL TO REVIEW BOARDS & FROM CANADA TO ELSEWHERE**
(*Moderator: Dr. Michelle Mathias*)

8:00 am - 8:30 am 2. Restriction of Liberties in Forensic Facilities: When Does the Review Board Need to Know?
Presenter: Dr. Joel Watts

8:30 am - 9:00 am 3. Audit of Absolute Discharge Outcomes
Presenters: Dr. Sumeeta Chatterjee, Dr. Alexander Simpson

9:00 am - 9:30 am 4. A Review of the Outcomes of the Ontario Consent and Capacity Board Hearings and the Implications for Psychiatric Patients
Presenter: Dr. Carol McDaniel

Program

NOTE:

30-minute presentation: 20 min. + 10 min. Q&A

45-minute presentation: 33 min. + 12 min. Q&A

60-minute presentation: 45 min. + 15 min. Q&A

| | |
|---|--|
| 9:30 am - 10:00 am | 5. Theoretical Comments on Non-Canadians Involved in the Forensic System <i>Presenters: Dr. Sébastien Prat, Lauren Barney</i> |
| 10:00 am - 10:30 am | Coffee break with exhibitors |
| 10:30 am - 12:00 pm | CORRECTIONAL PSYCHIATRY (Moderator: Dr. Michelle Mathias) |
| 10:30 am - 11:00 am | 6. Veterans in Legal Trouble – A Primer <i>Presenter: Dr. Isabelle Côté</i> |
| 11:00 am - 11:30 am | 7. An Integrated Forensic, Correctional, Mental Health & Substance Use Service Model For British Columbia <i>Presenter: Dr. Johann Brink</i> |
| 11:30 am - 12:00 pm | 8. DO & L-TO situation in Canada and a New Request from the Court: Should the L-TO Status be Lifted? <i>Presenter: Dr. Louis Morissette</i> |
| 12:00 pm - 1:15 pm (Buffet available at 12:00 pm and presentation from 12:15 pm - 1:15 pm) | 9. Lunch presentation: Forensic Mental Health Services Around the Globe <i>Presenter:</i> <i>Dr. Anne Crocker, Ph.D.</i> <i>Director, Research & Academics,</i> <i>Institut Philippe-Pinel de Montréal</i> <i>Professor, Department of Psychiatry,</i> <i>Université de Montréal</i> |
| 2:00 pm - 5:00 pm | PROGRAMME FRANCOPHONE (ROOM MALI I-II) (Modérateur: Dr Fabien Gagnon) |
| 2:00 pm - 2:45 pm | 10. L'impact de l'instauration d'une ordonnance d'autorisation de soins chez les patients suivis par une équipe SIM de l'IUSMQ <i>Présentateurs : Dr David Boivin-Lafleur, Dre Géraldine Godmaire-Duhaime</i> |
| 2:45 pm - 3:30 pm | 11. L'évaluation médico-légale de l'expertise <i>Présentateur : Dr Louis Bérard</i> |
| 3:30 pm - 4:15 pm | 12. Réduire les biais dans le processus décisionnel en expertise: c'est possible? <i>Présentateur : Dr Fabien Gagnon</i> |
| 4:15 pm - 5:00 pm | 13. Les critiques sur les experts et leurs expertises : Focus group sur votre opinion <i>Présentateurs : Dr Louis Bérard, Dr Fabien Gagnon</i> |

Program

NOTE:

30-minute presentation: 20 min. + 10 min. Q&A

60-minute presentation: 45 min. + 15 min. Q&A

Tuesday, March 14

(ROOM MALI I-II)

- | | |
|---|--|
| 8:00 am - 9:30 am | CAPL Business Meeting (For members only) |
| 9:30 am - 10:00 am | Coffee break with exhibitors |
| 10:00 am - 12:00 pm | RISK ASSESSMENT: HARM TO SELF & HARM TO OTHERS (Moderator: Dr. Brad Booth) |
| 10:00 am - 10:30 am | 14. Pro-Social, Risk-Reduced Environment: Inspiring Recovery-Led Change in the Care of Women with Personality Disorder in High Secure Hospital <i>Presenter: Dr. Adedayo Alabi</i> |
| 10:30 am - 11:00 am | 15. Diagnostic Test Evaluation of the Suicide Risk Assessment Tool <i>Presenter: Dr. Hygiea Casiano</i> |
| 11:00 am - 11:30 am | 16. Big Data and Watson: Can They Predict Inpatient Violence Before it Happens? <i>Presenter: Dr. Philip Klassen</i> |
| 11:30 am - 12:00 pm | 17. The Next Generation of Risk Assessment and Management: The eHARM-FV One Year Later <i>Presenters: Dr. Gary Chaimowitz, Katelyn Mullally</i> |
| 12:00 pm - 1:15 pm (Buffet available at 12:00 pm and presentation from 12:15 pm - 1:15 pm) | 18. Lunch Presentation Correctional Mental Health Services: Health Opportunities, Competing Needs and Ethical Challenges. It is Great Work... <i>Presenter:</i> <i>Dr. Sandy Simpson, MBChB, BMedSci, FRANZCP</i> <i>Associate Professor and Head of the Division of Forensic Psychiatry,</i> <i>Department of Psychiatry, University of Toronto</i> <i>Chief of Forensic Psychiatry and Clinical Scientist, Clinical Research Program,</i> <i>Centre for Addiction and Mental Health, Toronto.</i> |
| 2:00 pm - 5:30 pm | CONSIDERATIONS IN THERAPY AND CLINICAL ASSESSMENT (Moderator: Dr. Phil Klassen) |
| 2:00 pm - 2:30 pm | 19. A Pilot Study Examining the Role of Sex Abuse in Problematic Thoughts and Behaviour in Patients Diagnosed with a Psychotic Disorder <i>Presenters: Sylvia Mills, Casey Myers</i> |
| 2:30 pm - 3:00 pm | 20. Intractable Delusions in a Forensic Setting: To Challenge or Not to Challenge? <i>Presenter: Dr. Julian Gojer</i> |
| 3:00 pm - 3:30 pm | 21. Update on Drugs of Abuse for the Forensic Psychiatrist <i>Presenter: Dr. Victoria Roth</i> |
| 3:30 pm - 4:00 pm | Coffee break with exhibitors |

Program

NOTE:

30-minute presentation: 20 min. + 10 min. Q&A

60-minute presentation: 45 min. + 15 min. Q&A

4:00 pm - 4:30 pm

22. Trauma, Compassion Fatigue and Burnout – Can we Learn from JS v PS
Presenter: Dr. Julian Gojer

4:30 pm - 5:00 pm

23. Fostering Forensic Recovery by Applying Family Interventions to Facilitating Restorative Justice: Findings from the Southern Alberta Forensic Psychiatry Centre
Presenter: Dr. Sergio Santana

Wednesday, March 15

(ROOM MALI I-II)

8:00 am - 11:00 am

NCR-MDs: ASSESSMENTS & EXPERT TESTIMONY **(Moderator: Dr. Vicki Roth)**

8:00 am - 8:30 am

24. *Alcoholic Blackouts and the Spectrum of Responsibility*
Presenters: Dr. Julian Gojer, Dr. Milan Pomichalek

8:30 am - 9:00 am

25. *Medication Misuse Leading to a Non-Insane Automatism*
Presenter: Dr. Sébastien Prat

9:00 am - 10:00 am

26. *And My Expert Psychiatric Opinion is... Updates on Jurisprudence Regarding Expert Witness Testimony*
Presenters: Dr. Brad Booth, Dr. Mathieu Dufour, Dr. Joel Watts

SERVICE EVALUATION **(Moderator: Dr. Vicki Roth)**

10:00 am - 10:30 am

27. *Women's Pathway Model: A Service Evaluation*
Presenters: Dr. Liam Dodge, Dr. Oluwakayode Fagbuyi, Dr. Elizabeth Zachariah

10:30 am - 11:00 am

28. *Ottawa's Mental Health Court: Who does it Serve?*
Presenter: Dr. Michelle Mathias

11:00 am

- Closing Remarks
Dr. Johann Brink

EXHIBITORS

Learning Objectives - Annual Conference

1. Building Bridges and Removing Dividing Walls Between Forensic and Geriatric Psychiatry
 - Understand the interface between geriatric and forensic psychiatry, its extent and its limitations.
 - Understand the concept of decisional competence.
 - Understand how aging, medical comorbidity influences risk assessment.
2. Restriction of Liberties in Forensic Facilities: When Does the Review Board Need to Know?
 - Describe current reporting requirements of ROL to the Review Board.
 - Describe what constitutional claims may typically be invoked when an NCR accused challenges a ROL.
 - Discuss the implications on forensic practice of more stringent ROL restriction requirements regarding patient flow within forensic facilities, if case law were to evolve accordingly.
3. Audit of Absolute Discharge Outcomes
 - Understand the profile of persons being granted absolute discharges.
 - Understand the possible reasons why this may be experienced positively or as a destabilising event.
 - Consider therapeutic changes to address these issues.
4. A Review of the Outcomes of the Ontario Consent and Capacity Board Hearings and the Implications for Psychiatric Patients
 - Understand the role of the Consent and Capacity Board of Ontario.
 - Appreciate the Success Rate of an Application to the CCB.
 - Appreciate the implications that the low success rate has for psychiatric patients.
5. Theoretical Comments on Non-Canadians Involved in the Forensic System
 - Describe the concepts of international law, in terms of deportation and extradition.
 - Identify these issues for non-Canadian individuals involved in the Forensic system.
 - Understand why finding solutions to these issues is relevant.
6. Veterans in Legal Trouble – A Primer
 - Learn about characteristics, criminogenic risk factors and mental health needs of incarcerated veterans.
 - Appreciate that veteran inmates have higher rates of violent crime.
 - Understand that care in jail may need to be tailored for this special population.
7. An Integrated Forensic, Correctional, Mental Health & Substance Use Service Model For British Columbia
 - Describe the prevalence rates of mentally disordered persons in BC requiring tertiary services.
 - Describe the components of Munitz's Sequential Intercept Model.
 - Describe the design of an integrated service model for forensic, correctional, and tertiary level psychiatric and substance use persons.
8. DO & LTO situation in Canada and a New Request from the Court: Should the LTO Status be Lifted?
 - Know the actual numbers of DO and L-TO and evolution of these numbers for the last 10 years in Canada.
 - Discuss the usual clinical criteria for evaluation of these offenders.
 - Discuss what could be or should be the clinical criteria for a L-TO who is requesting an earlier end to his Long-Term Offender designation.
9. Forensic Mental Health Services Around the Globe
 - Gain insight into international trends in forensic mental services and how services are organized around the world.
 - Identify system-level principles in the organization of forensic mental health services and assessing performance in forensic mental health systems.
 - Identify major challenges facing the organization of forensic services and emerging approaches.

Learning Objectives - Annual Conference

10. L'impact de l'instauration d'une ordonnance d'autorisation de soins chez les patients suivis par une équipe SIM de l'IUSMQ
 - Connaître la littérature scientifique québécoise et internationale relative aux ordonnances d'autorisation de soins.
 - Prendre connaissance d'un projet de recherche novateur concernant l'impact d'une ordonnance d'autorisation de soins (OAS) chez les patients suivis par une équipe SIM de l'IUSMQ.
 - Justifier scientifiquement et éthiquement l'usage des ordonnances autorisation de soins chez certains patients porteurs de maladie psychiatrique.
11. L'évaluation médico-légale de l'expertise
 - Discuter de certains risques médico-légaux de l'évaluation médico-légale.
 - Rappeler le périmètre déontologique de l'évaluation médico-légale.
 - Proposer une approche à l'évaluation médico-légale de l'expertise.
12. Réduire les biais dans le processus décisionnel en expertise: c'est possible?
 - Présenter un survol des principaux biais rencontrés dans le travail d'expertise médico-légale.
 - Proposer des stratégies d'identification des biais dans l'expertise.
 - Soumettre des correctifs possibles pour réduire les biais dans le processus décisionnel de l'expert.
13. Les critiques sur les experts et leurs expertises : Focus group sur votre opinion
 - Répertorier les perceptions des experts sur les principales critiques concernant leur travail d'expert.
 - Identifier les perceptions des experts sur les causes de ces critiques.
 - Identifier des stratégies systémiques et individuelles de correction de ces perceptions.
14. Pro-Social, Risk-Reduced Environment: Inspiring Recovery-Led Change in the Care of Women with Personality Disorder in High Secure Hospital
 - Discuss social approaches that can be adopted to mitigate adverse incidences in the care of women in high secure hospital.
 - Understand the value of incorporating patients views in how services are delivered.
 - Understand the importance of trauma informed environment in the care of women in high secure hospital.
15. Diagnostic Test Evaluation of the Suicide Risk Assessment Tool
 - Learn about a suicide risk screening tool for youth brought into a correctional facility.
 - Understand methods in assessing diagnostic tools.
 - List evidence for the utility of using the Suicide Risk Assessment tool in detained youth.
16. Big Data and Watson: Can They Predict Inpatient Violence Before it Happens?
 - Understand the potential of Big Data as a research and quality tool.
 - Appreciate the capabilities of Watson.
 - Learn if inpatient violence prediction can be advanced by this method.

Learning Objectives - Annual Conference

17. The Next Generation of Risk Assessment and Management: The eHARM-FV One Year Later
 - Understand what the electronic Hamilton Anatomy of Risk Management - Forensic Version (eHARM-FV) can provide in assessing and managing risk.
 - Recognize the potential that a data-rich risk-assessment tool can offer clinicians, researchers, and managers.
 - Understand preliminary research and quality management findings resulting from one year of use of the eHARM-FV.
18. Correctional Mental Health Services: Health Opportunities, Competing Needs and Ethical Challenges. It is Great Work...
 - Understand the major controversies in the care of persons with serious mental illness in jails and prisons.
 - Discuss innovations that can address the current service inadequacies and failures.
 - Reflect on the competing ethical duties regarding the use of coercive interventions for mental health issues in correctional settings.
19. A pilot study examining the role of Sex Abuse in Problematic Thoughts and Behaviour in Patients Diagnosed with Psychotic Disorder
 - Understand the nature of problematic sexual behaviour and its relationship to major mental illness.
 - Understand the role of sexual abuse in the development of problematic sexual thoughts and behaviours.
 - Discuss future research questions about major mental illness and psychosis.
20. Intractable Delusions in a Forensic Setting: To Challenge or Not to Challenge?
 - Discuss research on treating intractable delusions.
 - Understand techniques how to deal with them.
 - Reduce risk to public and rehabilitate client.
21. Update on Drugs of Abuse for the Forensic Psychiatrist
 - Understand the nature of some of the novel drugs of abuse increasing in popularity.
 - Understand the differing effects of different formulations of cannabis.
 - Improve their knowledge on methods of detection of illicit substances.
22. Trauma, Compassion Fatigue and Burnout – Can we Learn from JS v PS
 - Understand compassion fatigue, trauma and burnout in forensic settings.
 - Maintain effective practice and personal wellness.
 - Reduce risk to client and society.
23. Fostering Forensic Recovery by Applying Family Interventions to Facilitating Restorative Justice: Findings from the Southern Alberta Forensic Psychiatry Centre
 - Explain how families influence the recovery of forensic patients.
 - Understand the potential benefits of family interventions in the process of restorative justice.
 - Discuss the relationship between family based treatments, recovery and Restorative Justice.

Learning Objectives - Annual Conference

24. Alcoholic Blackouts and the Spectrum of Responsibility

- Understand the current state of knowledge of mechanisms underlying alcohol-induced amnesia.
- Understand the difference between alcohol-induced amnesia and loss of consciousness.
- Understand the the relationship between alcohol-induced amnesia and criminal repsonsibility.

25. Medication Misuse Leading to a Non-Insane Automatism

- Understand historical concept of non-insane automatism.
- Describe clinical concept of non-insane automatism.
- Discuss the rational for non-insane automatism related to medication misuse.

26. And My Expert Psychiatric Opinion is... Updates on Jurisprudence Regarding Expert Witness Testimony

- Describe the educational role of expert testimony in the legal arena.
- List the types of experts in court including litigation, participant and non-party.
- Know and apply the standard for expert testimony of providing evidence that is "fair, objective and non-partisan".

27. Women's Pathway Model: A Service Evaluation

- Understand the treatment needs for women within secure services.
- Compare and evaluate pathway models of care.
- Recognize service gaps within secure provision for women.

28. Ottawa's Mental Health Court: Who does it Serve?

- Understand the characteristics of the population being served by Ottawa's Mental Health Court.
- Understand which factors contribute to Mental Health Court outcome.
- Understand the implications on the Mental Health Court based on the results from the pilot data.
